# Weather Key Points

Regional Operations Center

Western Region

Saturday, October 22

- A fast-moving storm system will bring widespread gusty winds to much of the Sierra and inland southern California through Saturday night, with gusts of 35 to locally 60 mph, and even higher over the exposed Sierra peaks
  - These winds may bring a period of elevated to briefly critical fire weather conditions for areas east of the Sierra through midday Saturday
  - Stronger winds may also cause some tree damage and local power outages, as well as produce areas of blowing dust over the deserts
- Gusty north winds are also forecast across much of the Sacramento Valley and far northern San Joaquin Valley Sunday afternoon and evening. These winds may bring a period of critical fire weather conditions.
- Some light rain and high elevation snow showers are expected across far northern California, the Sierra, and coastal southern California through early Sunday
  - Snow levels will drop to between 4,000 and 5,000 feet over the Sierra and far northern mountains by Saturday night, with accumulation of mainly 1-3 inches
  - No widespread significant impacts are expected with this precipitation, though some snow accumulation over the Sierra could bring some brief travel impacts
- Drier weather returns Sunday afternoon and Monday, with some additional light precipitation expected again by late Monday night and into midweek, especially over northern California

# **COVID-19 SUMMARY**

## **Coronavirus Disease 2019 (COVID-19)**

On 03/02/20 at 0700 hours, the Cal OES State Operations Center (SOC) activated at Level 1 in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

## **SMARTER Plan**

On 10/17/22, Governor Newsom unveiled the "[California Smarter Plan Updates October 2022](#)". The plan emphasizes continued readiness, awareness and flexibility and helps ensure California can maintain its focus on communities that continue to be disproportionately impacted and stay prepared to swiftly and effectively respond to emerging COVID-19 variants and changing conditions. Governor Newsom is set to lift the State of Emergency in early 2023, and this update provides information on California's progress to date and how we move forward.

# Cal OES LAW ENFORCEMENT MISSIONS

## Cal OES Law Enforcement Missions

- **2022-LAW-83412, 10/19/22, 1600 hours:** The Fresno County Sheriff's Office contacted CalOES LEB and requested assistance in acquiring (3) HRD canines for a planned MP search on Monday, 10/24/2022 with a 0800 hours briefing. The search area remains undisclosed, but the K9's and their handlers will arrive in the area of Sanger, California (Hwy 180 @ Academy Avenue) for the briefing. Cal OES LEB AC McCormick acquired the resources from CARDA and Monterey Bay Search Dogs (MBSD). **Mission Ongoing**
- **2022-LAW-76428, 10/18/2022, 2024 hours:** MRT re-opened by Cal OES LEB SAR K9 AC Fowler on the request of Oakley PD. They are requesting a SHRD K9 team for a continued search within Amador County regarding a LE sensitive investigation. CARDA has accepted the mission for 10/21/2022 and Amador County Sheriff's Office advised. **Update: 10/21/2022**, 1700 hours, mission completed and all resources released. **Mission Closed.**
- **2022-LAW-83442, 10/22/2022, 0042 hours:** AFRCC advising of a PLB activation at GPS coordinates 33.798841 -117.905668 plotting near the 100 block of East Leatrice Lane within Orange County. AFRCC attempted to call the registered owner (R/O) of the device but no answer and left message. At 0114 hours, LDO talked to AFRCC and learned the R/O had returned their call and advised his PLB device was no longer in his possession as it had been stolen from his boat. The R/O had reported the theft to the local police jurisdiction. Based on the location of the activation, which was within a residential area of apartments and not in possession of the R/O, it was determined to be a non-distress activation with no response needed. At 0421 hours, AFRCC advised the device was no longer transmitting and had timed out. **Mission Closed.**

# Cal OES MISSION TASKINGS

## Cal OES Missions

- **10.22.22:** Shakeout Drill at Cal OES Southern Region Los Alamitos Communication Center, 0900-1200 hours. Cal OES Southern Region Communications Reserve Unit (CRU) will conduct, and Cal OES MAR 6 Comm. Coordinator will be on scene and monitoring.
